**The new
Wall Papers
are here!**

We offer a new idea in interior furnishings for your consideration. No feature in modern home decoration is so artistic and appropriate as Wall Papers with Cut-out Borders and Cretonnes to match. These borders are supplied ready to apply to the wall, all cut out by steel dye, hydraulic press process. The narrow decoration, matching the sidewall cut out border, is one of the new ideas for 1910. Imagine the delightful harmony and finish which this scheme of decoration affords for your bedroom—your walls hung in some delicate shade with just enough strength of color and design to give character to your sleeping room and yet of such tone as to be a charming background for exquisite floral cut outs.

This mural treatment with curtains, bedspread, chair covering and bureau top, matching in color the shade of your sidewall and in design the exact detail of your graceful floral border, is indeed a decorative achievement.

Our sidewalls and cut-outs, in a variety of colorings and designs, have unusual artistic merit.

This is why we are enthusiastic. Do you blame us?

There's a Ring in a New Thing That Attracts the Eye if Not the Ear

Our new Line of Merchandise for this spring will be as pleasing to the ladies as though we had just opened up a new store with all new goods. Our goods for this season are of a higher grade than we have ever shown before and we hope none too good to suit those that want to see their money well spent.

Dress Goods

These are all of them new goods, not all of them new kinds, but new cloths just opened up from the manufacturers. These come in new colors and new finish.

Yard-wide Poplar Cloth are in great demand. They come in all colors and are the best cloths at 25c on the market to-day, being nearly as good as most 50c half wool cloths.

New French Serge, yard-wide, double-fold, in all the best colors, while we can get them at 59c per yard.

Mohairs are to be good—yes, some of the best. These we have in all grades.

We have a particularly nice Mohair in black, fancy stripe, at \$1.00 that will go very quickly.

For tailored skirts, we have a Black Sicilian, made of best imported mohair, at \$1.35 per yard.

Dress Goods

Poplin weaves are good, in both cotton and wool fabrics. We are showing in the Cotton Poplin, a beauty in a full line of colors at 25c per yard. Silk finish.

Wool Poplins are our best. These come in all grades. The one that we ask you to see comes in black and colors at \$1.00 per yard, and will compare with any \$1.25 cloth.

Serges are good and are a cloth that holds its shape and color. We have a good one, 42 inches wide, at 75c per yard.

Shepherd Plaids in wool are good, especially in the larger checks. This we have 42 inches wide at only 65c per yard—a good 75c cloth.

White Serges are very good and will be getting better as the season advances. We have a good White Serge, heavy, and a beauty, at 75c per yard.

New lot of Fancy Suitings for tailored suits at \$1.00 and \$1.35 per yard.

Silks

This will be a good silk season. The sale of Silks, having taken a great start, is pretty sure to continue all through the season.

To take care of our silk trade, we have a large assortment of patterns just the size of one suit. This gives a customer a chance to get a selected pattern, not like any other, and as to price we guarantee it to be right.

There is a demand for best grade Taffetas. These we buy in wide widths, as it cuts to better advantage and saves the purchaser fully 10 per cent.

We have a special and hope to have more. It is a yard-wide Messaline silk in navy at \$1.25 per yard. Did you ever see one as wide? It's the new thing and is sure to come. Narrow Silks must go—the wide ones are a big saving and not so many seams.

Our \$1.00 yard-wide Black Taffeta is a good \$1.25 grade. It is a special at our price.

One of our best pure dyed Black Taffetas comes from Brainerd & Armstrong and, while they expect us to get \$1.50 for it, we are making it a leader at \$1.37 1/2 per yard.

We are receiving some of the best made and prettiest Tailored Suits that ever came into our store. To this you will all agree as soon as you are shown the Suits.

MUCH INTEREST SHOWN

In Laymen's League Missionary Movement Meeting Last Night.

A well-attended meeting was held at the Methodist church last evening, when delegates from various churches in the city were present in the interests of the Laymen's missionary movement. Two addresses were delivered during the evening, one by E. K. Allen of Burlington and one by Rev. E. G. Guthrie, pastor of the First Congregational church of Burlington.

Mr. Allen said in his address that men were just waking up to the fact that the Laymen's missionary movement was one of the most important in the history of the church. He took the history of the church from the time of the crusades, through the reformation, then to the days of Wesley and Luther, and compared the present movement to those times. "Let us not be unimpressed," said the speaker, "that we live in a great time, as the Laymen's league missionary movement is bound to sweep the country."

When our western civilization goes into foreign countries, it means that the men of those countries are drifting away from paganism, and our duty is to meet the needs of these men and give them something in place of what they have cast away. Mr. Allen spoke of the advances of Mohammedanism and said that when this gets hold of the countries it is doubly hard to Christianize them.

The object of the movement, Dr. Guthrie then spoke, giving an outline of the work of the movement, its origin and growth. The following is a description of the movement:

The Laymen's missionary movement is not an organization, but a movement. It is the twentieth century expression of the men of the church on the subject of missions. Its object is to promote the adoption by all local churches and mission boards of a comprehensive plan for the evangelization of the world in this generation. It has already enlisted the cooperation and assistance of the foremost men of all denominations.

The movement started three years ago, during the centennial celebration of the haystack prayer meeting held in New York City. The foreign mission boards of all the churches have given their endorsement, and their representatives are co-operating with the movement in its progress from city to city.

At the conclusion of Dr. Guthrie's talk, Mr. Allen again spoke and explained the plans of the movement for the convention which is to be held in Burlington March 5-7. He invited as many present at last night's meeting as possible to attend the convention as delegates, and was successful in getting several to agree to go.

C. S. Andrews officiated as chairman of last evening's meeting. Selections were given during the evening by the Heddling male chorus. The work of this organization is such that its efforts are fully appreciated at all times, and last evening met with hearty applause.
